

Design Cycle Project 3: **ICT Career Video**

Due Date: End of Lesson, Week 8

The Task:

Visit the ICT Careers Portal on the Australian Computer Society website and select one of the careers to focus on. Your task, as an “artist for hire”, is to create a short video promoting the chosen career. Your video must conform to the following requirements:

- 60 seconds in duration
- Video contains still images, text, music and sound effects
- No motion video or voiceover
- For the chosen career, the video must highlight:
 - Job description
 - Skills needed
 - Education needed
 - Salary range
 - Perks of the job
 - Work environment, etc.

The design firm you are working for has already done the groundwork on the project, including researching the product and setting the design parameters. This means that there are fewer tasks to complete on this project. The tasks that you must complete are:

Plan		
<input type="checkbox"/>	<input type="checkbox"/>	Gather Resources
	<input type="checkbox"/>	Learn Tools/Programs
Create		
<input type="checkbox"/>	<input type="checkbox"/>	Create Client Solution
	<input type="checkbox"/>	Progress Journal
Evaluate		
<input type="checkbox"/>	<input type="checkbox"/>	Survey / Product Testing
	<input type="checkbox"/>	Self-Evaluation
